

Unlock more

With Multiply, you choose how you score. Now you can unlock more points for doing the activities you love.

Premier

Unlock more Active Dayz™

Do your fitness assessment or complete an elite event to unlock the 240 points available across all categories, for Active Dayz. Or if you prefer, for more elite events and fitness assessments. This means you're not limited to just 80 points a year for Active Dayz/fitness assessments/elite events.

Unlock more Safe Dayz™

Get your car checked at Tiger Wheel & Tyre to unlock the 240 points available across all categories, for travel-ling Safe Dayz. This means you're not limited to just 80 points a year for Safe Dayz.

All Unlock more activities still contribute to the points you have across all three categories:

Be healthier, Be safer and Be on top of your finances.

Example

As a Multiply Premier member, if you have 80 Active Dayz and you do your fitness assessment (with fitness level 3 = 20 points), you will now have 140 points left to earn across the three categories. If you then check the safety of your car at Tiger Wheel & Tyre, you'll get 40 points for that and unlock more Safe Dayz. So you'll have 100 points left to earn for any combination of the activities across the three categories.

FAQs

1. What is the purpose of this new unlocking feature? How does it benefit me?

Unlocking gives you choice to score points with Multiply the way you want to. So you can unlock the 240 points available across all three categories for the activities you love.

2. If I complete my fitness assessment in 2018, will I unlock for 2019?

The fitness assessment must be valid in 2019 to unlock. As fitness assessments are valid for 6 months, any fitness assessment completed from August 2018 will still be valid in 2019 and you will be unlocked in the Be Healthier category.

3. Can I unlock under the Be Healthier category for completing an elite event in 2019?

Yes, completing a fitness assessment or elite event will unlock the Be Healthier category.

4. How many elite events do I need to complete to unlock in 2019?

You only have to complete one elite event to unlock more points. The 240 points can then be earned with more Active Dayz™, fitness assessments or elite events for the rest of the year.

5. If I complete a fitness assessment in November 2018, can I earn 240 Active Dayz in 2019 without having to complete the other sub-categories?

Yes. As long you have a valid fitness assessment in 2019, you will be unlocked for 240 points.

6. If I submit a Tiger Wheel & Tyre (TWT) safety check in 2018, will I unlock for 2019?

The TWT safety check must be valid in 2019 to unlock. As TWT safety checks are valid for 1 year, any TWT safety checks done in 2018 will still be valid in 2019 and you will be unlocked in the Be Safer category.

7. If I submit a TWT safety check in 2019, can I unlock Safe Dayz in 2019 and how many Safe Dayz can I earn?

Yes, by submitting a TWT safety check, you unlock up to 240 points for Safe Dayz. The first 80 points are awarded for the TWT safety check, travelling and non-travelling Safe Dayz; while the rest of the points are only awarded for travelling Safe Dayz.

8. In which categories can I unlock in 2019?

- In the Be Healthier category – by completing a fitness assessment or elite event
- In the Be Safer category – by completing a TWT safety check

9. When can I unlock in 2019?

You can unlock anytime from 1 January 2019. Or if you still have a valid fitness assessment or TWT safety check in 2019, you will automatically be unlocked in the respective category.

10. Can I unlock in Be on top of your finances category?

No, you can only unlock in the Be Healthier and Be Safer categories.

It is important to remember that the unlock activities still contribute to the 240 points across all three categories: Be Healthier, Be Safer and Be on top of your finances. So the activity you do will reduce the 240 points available.

11. If I do a fitness assessment in March 2019, will the Active Dayz earned over 80 prior to March be unlocked and points awarded retrospectively?

No, an unlocking activity can only unlock more points going forward, from the date of completing the fitness assessment. Remember though that you can still earn your normal 80 points for your Active Dayz. The fitness assessment unlocks more points over and above the normal 80 points.

12. If I reach my 80 points for Active Dayz, then go and do a fitness assessment, will I earn points for my fitness assessment?

Yes, the fitness assessment unlocks up to 240 points for more Active Dayz, fitness assessments or elite events.

13. Can I unlock in two categories and how will this work?

Yes, if you complete a fitness assessment/elite event and TWT safety check, you are unlocked in two categories. This means that you can earn more points for Active Dayz, fitness assessments, elite events or travelling Safe Dayz up to the available 240 points across all three categories.
